

Your VDI Should Work for You Not Against You

Shrinking margins, complex operations, and skyrocketing renewals?
It's time to rethink beyond Citrix.

Introducing Omnissa Horizon – in collaboration with Anunta. An autonomous digital workspace that transforms how your teams access, manage, and secure VDI and applications.

Why Horizon?

- **Hybrid & Multi-Cloud Ready:** One seamless experience across on-prem and cloud.
- **Anywhere, Anytime Access:** Your team stays productive, wherever they are.
- **Simplified Operations:** Reduce IT overhead and streamline management.
- **Built-In Security:** Protect your data without compromise.
- **Lower Costs:** Slash renewal fees and operational complexity.

Seamless Migration from Citrix

Move faster, with expert guidance and minimal risk.
No downtime. No disruption. Just a smoother, smarter workspace.

Modernize With Confidence

One platform | Multiple use cases | Lower cost | Lower risk
